

# WILDLAND URBAN INTERFACE

Fairmount Fire is working with the community to get residents connected to important information and resources to prepare and preplan for wildfires.

Below you will find links to stay informed of department news and events.

Jefferson county uses LookOut Alert to notify residents of emergencies and evacuations. Please sign up for this important notification app.

Defensible space around your home is important to the safety of homeowners and firefighters.

## INFORMATION FLYER, STAY CONNECTED WITH YOUR FIRE DEPARTMENT

We are looking to stay connected with the community and spread important information and events. Many communities stay connected through HOA or neighborhood email threads. If you would like to stay informed with your community, please email your information to start getting the community connected.
